90-DAY INITIAL TERM

# MANAGED OPERATING LANE

## \$10K-\$35K/MO

### BEST WHEN

For leaders whose strategically important workflow needs ongoing capacity, operating ownership, exception visibility, and monthly decisions.

### THE OPERATING RESULT

A named operating lane with explicit capacity, service boundaries, approval rules, evidence reporting, and a monthly improvement rhythm.

### INCLUDED IN THE ENGAGEMENT

- Named lane, capacity, and service boundaries
- Monthly operating cadence and managed queue
- Human approval and escalation rules
- Evidence and exception reporting
- Monthly performance and expansion review

### HOW THE ENGAGEMENT MOVES

01

Establish the baseline

02

Operate the named lane

03

Renew, expand, or hand off

### COMMERCIAL AND AUTHORITY BOUNDARY

Renewal and expansion require explicit written agreement. The initial term creates time to establish an honest operating baseline.
